Project**:**

- The project is to develop a responsive website for an electrician for his small business. The website will provide a brief description of the client's background, a gallery showcasing his work and the available services he provides for his customers. The website will allow customers to book an estimate through the contact form. The client requested the color scheme should be similar to his business card.

Role**:**

- Developer and UX Designer

Tools:
- Visual Studio Code
- Procreate
- Figma

Business Card:

Colors:

#59BDEE   **#000**
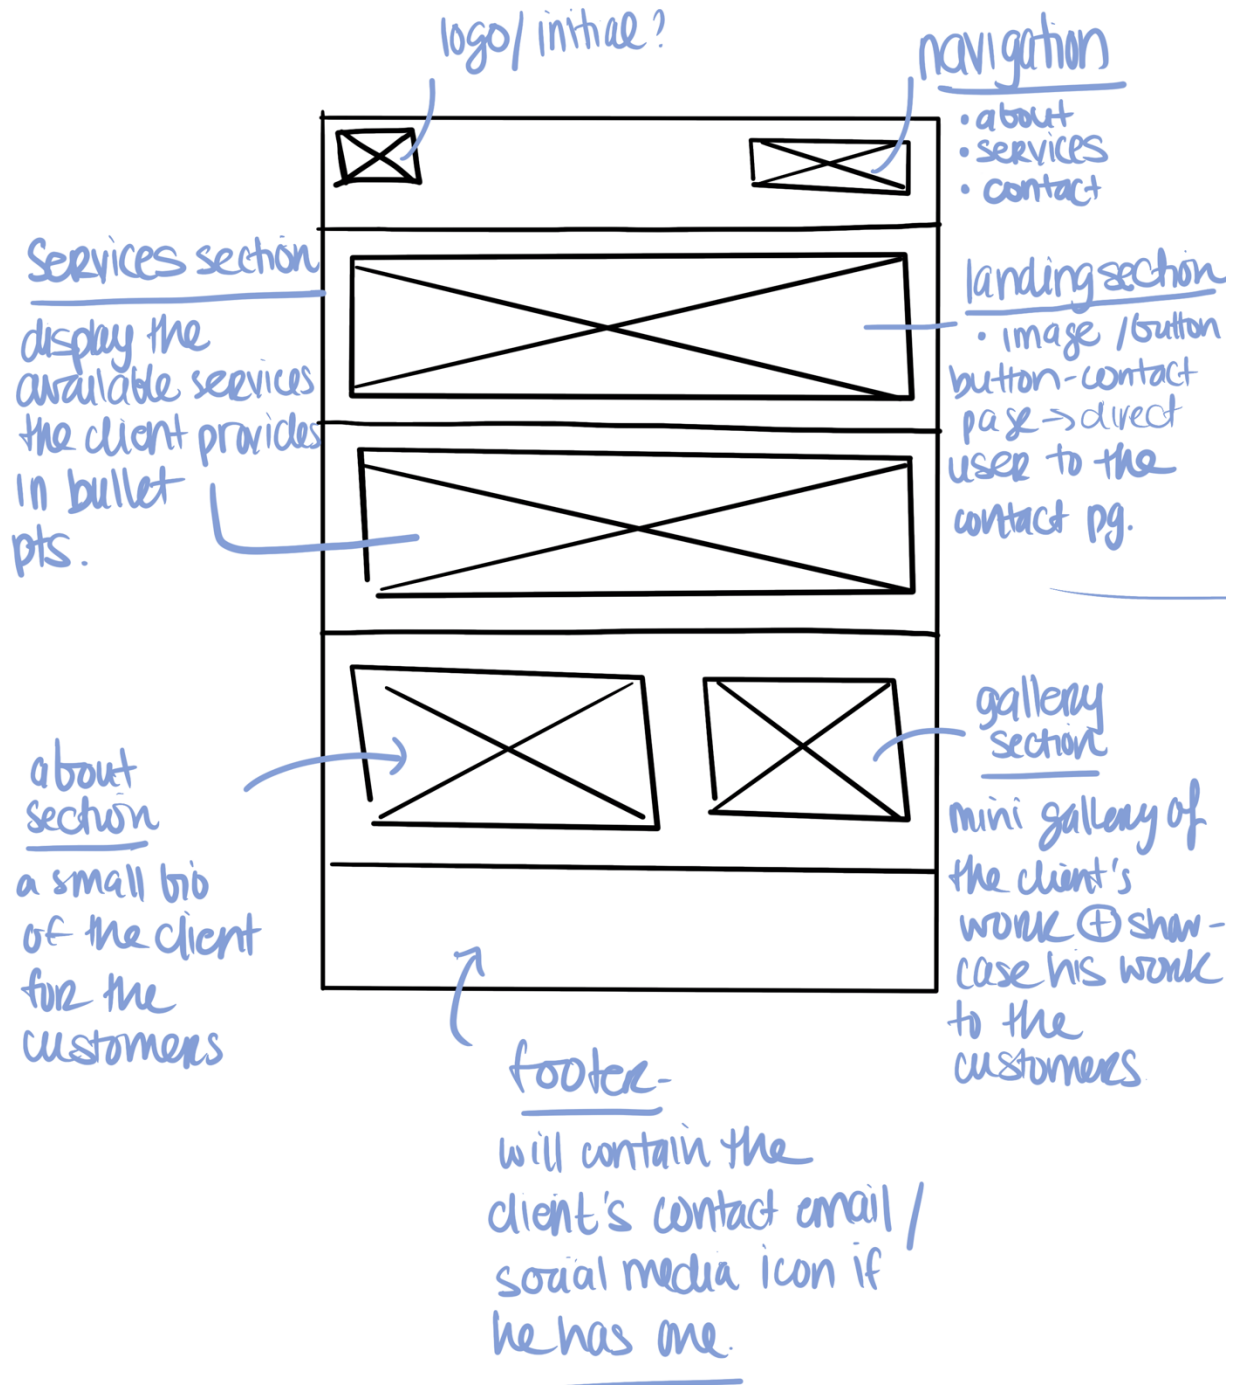

Fonts:

Roboto Bold: 40PX
Roboto Light: 16PX

Logo:

Sketches:

KC Electrician Contractor

logo/ initial?

navigation
- about
- services
- contact

Services section

display the available services the client provides in bullet pts.

landing section
- image / button
button → contact page → direct user to the contact pg.

about section

a small bio of the client for the customers
